

MEMORANDUM OF UNDERSTANDING

between

School

and

the TEFE consortium, represented by a TEFE partner institution, on behalf of the TEFE network

School and the Teachers of English of Future Europe (TEFE) consortium, wishing to foster academic and cultural exchange with a view to promoting the learning and teaching of English as a foreign language and as a lingua franca within the European Union, agree to sign this Memorandum of Understanding (MOU).

The TEFE vision invites educational institutions to support the TEFE consortium in promoting the status of teachers and the teaching profession through the internationalisation of teaching practice (ITP), the mobility and future employability of teachers across the European Union, and their continuous professional development.

The undersigned, school, expresses its interest in the project *Teachers of English for Future Europe: Putting Internationalisation into Action* (TEFE A+) and the *TEFE Framework for the Internationalisation of Teaching Practice and Employability* (TEFE Framework). It also commits to creating positive, professional, and intercultural environments for the education of future teachers of English and in their own classrooms. This is a voluntary commitment to apply the TEFE Framework and to support its values, carrying no legal or academic weight with regard to its enforcement.

Co-funded by the
European Union

The areas of cooperation shall include any activity and programme initiated by either institution, which is desirable and feasible for the development and strengthening of cooperative relationships between **school** and the TEFE network. However, all programmes shall be subject to mutual consent and availability of funding. Such activities and programs shall include, but are not limited to, the following:

- Internships (International Teaching Practice) for student teachers;
- Mobility and training opportunities for teaching staff;
- Further information about the project;
- Invitations to project events;
- Sharing of academic materials, especially the TEFE framework with the TEFE toolkit and competences chart;
- Seminars and academic meeting participation;
- Special short-term academic programs.

Details of each specific cooperative program shall be further discussed, mutually agreed upon, and concretized in writing.

This MOU shall be effective upon exchange of signature by both institutions and remain valid for five (5) years. It may be, however, renewed by mutual agreement expressed in writing.

The MOU is issued in English in two (2) copies, one of which is kept by each institution.
